

# Congratulations...

... to the radiologists, nurses, technologists, and staff at Munson Healthcare's Smith Family Breast Health Center on becoming a Breast Imaging Center of Excellence.

Of more than 300 facilities in Michigan, Munson's is one of only 33 to be recognized as a Center of Excellence by the American College of Radiology following an extensive qualification process.

National quality care, delivered locally.

*"Our patients can be assured that they are receiving the highest quality care, on par with other nationally accredited facilities. To be able to provide this high quality comprehensive service in northern Michigan is phenomenal."*
